## PH METER

ISO-9001, CE, IEC1010

Model: PH-208

## **FEATURES**

- \* Professional PH/mV METER.
  PH range: 0 to 14 PH x 0.01 PH.
  mV range: -1999 mV to 1999 mV.
- \* Used the optional ORP probe to become a professional ORP meter.
- \* Wide manual temperature compensation adjustment can be operated by push button on the front panel easily.
- \* Calibration for pH 7, pH 4 and pH 10 by push button.
- \* Temperature compensation of pH function can be done by optional ATC (Automatic Temperature Compensation) probe.
- \* Auto shut off saves battery life.
- \* Memorize Max./Min. reading with recall.
- \* Data hold.
- \* RS232 computer interface.

The Art of Measurement

## PH METER (pH / mV)

Model: PH-208

| FEATURES   |  |  |  |
|--|--|--|--|
| * Professional PH/mV METER.  | * Records Maximum and Minimum readings with recall.            |  |  |
| PH range: 0 to 14 PH x 0.01 PH.  | * Data hold.   |  |  |
| mV range : -1999 mV to 1999 mV.  | * Auto shut off saves battery life.                            |  |  |
| * The instrument is with mV ( millivolt ) function for   |  |  |  |
| mV measurement ( Be plugged with optional ORP probe  | * RS 232 computer serial interface.                            |  |  |
| ORP-04 to be a professional ORP meter)   | * °C or °F can be converted by push button on the front panel. |  |  |
| * Wide manual temperature compensation adjustment  | * PH calibration is easily to be done by push button on the    |  |  |
| can be easily operated by push button on the front panel.  | front panel.   |  |  |
| Optional ATC (Automatic Temp. Compensation) probe is   * Using the durable, long-lasting components and a strong |  |  |  |
| available for PH measurement.  | lightweight ABS-plastic housing case.                          |  |  |
| * Microprocessor circuit assures high accuracy and reliable  | * PH function with high input impedance avoids measuring       |  |  |
| performance.   | error.   |  |  |
| * Large LCD, dual function display.  | * Wide applications: water conditioning, aquariums, beverage   |  |  |

| GENERAL SPECIFICATIONS |   |                                  |                |  |  |
|------------------------|---|----------------------------------|----------------|--|--|
| Circuit                | Custom one                                | -chip of microprocessor LSI      | PH             | Optional,                                  |  |
|                        | circuit. Electrode                        |                                  | Electrode      | Any PH electrode with BNC connector.       |  |
| Display                | 51 mm x 32 mm, dual function LCD display, |                                  | Operating      | 0 °C to 50 °C (32 °F to 122 °F).           |  |
|                        | 15 mm ( 0.6" ) digit size.                |                                  | Temperature    |  |  |
| Measurement            | PH  | 0 to 14 PH                       | Operating      | Max. 80% RH.                               |  |
|                        | mV  | -1999 mV to 1999 mV              | Humidity       |  |  |
