

The UVTECH UVT-25W Designed for use with fluorescent dye penetrant and magnetic particle inspection processes , generates and emits ultra violet light with a wavelength of 365 nanometers, the preferred wavelength for Non-Destructive Testing (NDT) inspection.

### Product Features :

**Voltage : 220VAC**

**Type : Handeled**

**Output : 7000uw/cm2 (5\*5watt 365nm Power LED)**

**Warranty : 12Month**

**Weight : 250gr**

### Warning :

- 1-Only use the device charger for charging
- 2- Only the technician approved by the company will be allowed to repair the device, so the tampered device will be voided from the warranty.
- 3-Avoid shining the light of the device directly into the eyes. And protective glasses should be used when working with the device.
